JOB APPLIED FOR

Junior **Frontend Web Developer**

WORK EXPERIENCE

August 2022 – Present

Frontend Developer
Independent App Developer

- I built an app called Quizzical based on **Javascript**, **React JS** and **React Hooks**
- the app encourages the user to test his knowledge, consuming data from the Open Trivia DB API and using it to display the questions and answer options
- the user can chose the category and difficulty level each time he starts the quiz

Live Demo   **GitHub**

July 2022 – August 2022

Frontend Developer
Independent App Developer

- using **JavaScript** and **React JS** I built a note taking app with a nice user interface, that is also responsive and allows the user to personalize each note individually
- using a local database from the browser (localStorage), the saved notes don't get lost when the user refreshes the page or opens the app at a later time

Live Demo   **GitHub**

EDUCATION AND TRAINING

April 2022 - Present

React JS Course
Scrimba.com

- React JS methodology and component based architecture -
- React JS Hooks
- working with APIs and databases
- building and deploying 3 personal React projects: Notes App, Trivia Game, eCommerce Website (still in development)

June 2022 – August 2022

Salesforce Commerce Cloud Front-End
OSF Academy by OSF Digital

- understanding Salesforce Commerce Cloud systems and tools, such as Business Manager and Storefront Reference Architecture
- implementing new features to the Storefront Reference Architecture using the tools provided
- understanding and working according to the MVC (Model View Controller) architecture
- OSF Academy **Certificate of completion**

January 2022 – April 2022	## JavaScript Course

Scrimba.com

- JavaScript syntax and OOP principles
- JavaScript variables, conditionals, loops, arrays, functions, event listeners, DOM Events
- 3 practical JavaScript projects

November 2021 – January 2022	## HTML/CSS Course

Skillshare.com

- HTML5 syntax and basic programming principles
- CSS3 syntax and website styling skills
- Building my first Website

WORK EXPERIENCE

November 2017 - Present	## Customer Service Representative

Tenen Group LTD

- I enjoy working in a *multicultural and multinational* environment, with colleagues from whole over the globe
- working remotely helped me be more *self-disciplined*, needing to organize my own working schedule
- with time I was assigned more and more tasks, which motivated me to better *structure* my working day, being therefore able to *meet the deadlines and KPIs* and also provide *quality customer service* for our customers

November 2013 - May 2017	## Customer Service Representative

Arvato Services SRL

- I greatly appreciate the trust Arvato had in my capabilities to *rapidly make progress* when it comes to my level of the German language
- as a result in less than 4 months I significantly raised my language level and was even assigned the role of a *Floorwalker*, which meant I was now offering assistance and help to the new employees or to other colleagues that handled more difficult cases
- *kindness and patience* were the name of the game, in order to help my co-workers find suitable solutions for each particular case - this earned me their appreciation and the Team Leaders appreciation as well
- this job also helped me understand how the customer thinks and how I can take a not very pleasant experience and turn it into a positive one
